Just A Thought

“The essential vice, the utmost evil, is Pride. Unchastity, anger, greed, drunkenness, and all that, are mere fleabites in comparison: it was through Pride that the devil became the devil: Pride leads to every other vice: it is the complete anti-God state of mind.” - C. S. Lewis

Weekly Memory Verse

Job 19:25, ²⁵For I know that my Redeemer lives, and at the last He shall stand upon the earth.

Bible Quiz Time

Paul tells the Church at Rome that we are to present our bodies as what?

Today's Bible Passage

John 14:1-3, English Standard Version.

¹Let not your hearts be troubled. Believe in God; believe also in me. ²In my Father's house are many rooms. If it were not so, would I have told you that I go to prepare a place for you? ³And if I go and prepare a place for you, I will come again and will take you to myself, that where I am you may be also.

Paul's Portion

People look around and wonder what is wrong with the world today. People look at the “Signs” and declare that it must be the end of the world. Questions are asked such as, “How could things get any worse?” Bibles are opened up and end times prophecies permeate discussions. Through it all an attitude arises among some that God must not be paying attention, or at the very least He doesn't care. Of course these doom sayers are neglecting to take into account various points. Furthermore, much of the attitude of it couldn't get any worse is really simply a reflection on the “It's all about me” view held by a great number of people. It is interesting that many of the ones who are complaining and asking, “How can things get any worse?” still have their health, a roof over their head, food in their belly, and peace in their homes. While in other parts of the world there are many who do not have any of these things and they simply call it another day. In fact their attitude is that things aren't that bad. As far as signs go, Scriptures tell us that what is being experienced is normal, (Matthew 24). It also needs to be remembered that there have been times of chaos, desolation, and despair throughout history. After all, one only needs to look at the conditions in the first century. The Christians who lived through this times saw the destruction of Rome, the persecution of Christians, a major earthquake, a major famine, and various other hardships. Yet, over and over in the New Testament the message is be of good cheer, count it all joy, and respect those who are in charge, government as well as in the Church. Furthermore, people need to remember that the time of the end is not known and there is no way of knowing when it is. Jesus states that not even He knows, but only the Father knows the time, Mark 13:32. Therefore, as the Christian observes world events and people's treatment of each other and is tempted to ask if these the end of the world, the answer needs to be, maybe. Really, this is the wrong approach. Christians are to live their lives as if every day is the last day, not because of any signs, but because of a desire to be with Father. Also, if Christians live every day as the last day they should do all they can to spread the message, allowing more to be saved,

Just For Fun

An American, a Frenchman, and a Russian were viewing a painting of Adam and Eve in the Garden of Eden. The American remarked, "They are so calm, and peaceful they must be American." "Nonsense," stated the Frenchman, "They are naked and beautiful, they must be French." "You are both wrong," exclaimed the Russian, "No clothes, no shelter, only one apple, and yet they are told it is Paradise, clearly they are Russian."
